

Evening Menu from 5 p.m.

Indonesian Rijsttafel / Rice Table

We start the rijsttafel (Rice Table) serving a delicious Indonesian chicken soup.

After that we serve a range of different beef, pork, chicken, fish and vegetarian dishes in separate bowls – or in chafing dishes when the rijsttafel is served as a buffet – with white rice and nasi goreng and heaps of side dishes: seroendeng, fried bananas, sambal, fried onions, leek, krupuk, roedjak, lalab and so on. All dishes are spiced and cooked differently.

We deliberately do not make our dishes too spicy hot, since you can always add sambal, but you cannot take it out anymore.

The cost of a copious Indonesian Rice Table is \$ 30 per head. Minimum number of people is two and maximum is around 40. Bookings are rather essential 😊

For those who are not too adventurous we still have some other options as you can see below

Another option, as an introduction to Indonesian food, is nasi goreng with chicken, omelette, sambal, pickles and krupuk. Cost is \$ 20 per head.
